

## COMPANY OVERVIEW:

Baker Field Pty Ltd is a trusted and reliable provider of specialised services in the telecommunications, water cart hire, and civil labor sectors in Australia.

With a strong commitment to delivering high-quality solutions, we have established a solid reputation for excellence, professionalism, and customer satisfaction.

Our dedicated team of experts, combined with our cutting-edge equipment and industry knowledge, enables us to tackle complex projects with efficiency and precision.

## TRENCHING SERVICES FOR TELECOMMUNICATIONS NETWORKS:

We specialise in providing trenching services tailored specifically to the needs of telecommunications network installation and maintenance.

Our experienced team utilises advanced equipment and techniques to excavate trenches with precision and efficiency.

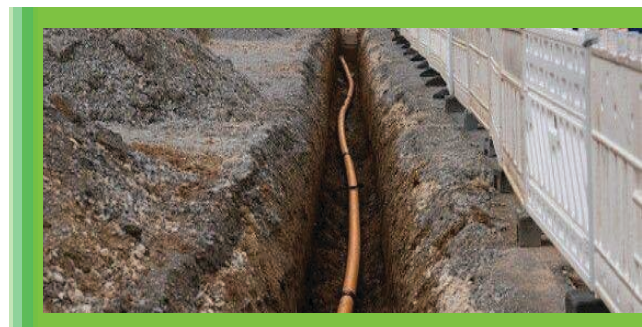

We ensure compliance with industry standards and regulations to deliver reliable and durable trenching solutions.

## WATER CART HIRE SERVICES:

We offer water cart hire services, providing a fleet of well-maintained vehicles designed for water transportation and dust suppression purposes.

Our water carts are equipped with the latest technology and safety features to deliver water efficiently and effectively.

We prioritise environmental sustainability by employing water management practices that minimise waste and maximise conservation.

## CIVIL LABOUR HIRE SERVICES:

Our civil labor hire services provide skilled and experienced professionals for various civil construction projects.

We have a comprehensive database of qualified personnel who are proficient in areas such as trenching, excavation, pipe laying, and general labor.

Our flexible workforce can be deployed quickly and efficiently, helping clients meet project deadlines and maintain productivity.

## KEY STRENGTHS:

**Industry expertise:** With years of experience in the telecommunications, water cart hire, and civil labor sectors, we possess in-depth knowledge of industry standards and best practices.

**Quality assurance:** We prioritize quality and adhere to strict quality control measures throughout every stage of our services.

**Safety first:** We have a strong commitment to workplace safety and ensure that all our operations are conducted in compliance with relevant health and safety regulations.

**Tailored solutions:** We understand that each project is unique, and we work closely with our clients to develop customized solutions that meet their specific requirements.

**Reliable equipment:** Our state-of-the-art equipment fleet is regularly maintained and upgraded to ensure optimal performance and minimize downtime.

## CLIENTS AND PROJECTS:

**Telecommunications service providers:** We have successfully worked within the telecommunications network on behalf of various HDD companies.

**Construction companies:** Our water cart hire and civil labor services have been utilised by construction companies involved in infrastructure development, civil construction, and roadworks.

**Certifications and accreditations:** Occupational health and safety management system industry-specific licenses and permits for trenching, water cart operations, and civil labor services.
